

Delta Sigma Phi

Alpha Iota Chapter | October 2017 Alumni Newsletter

Undergraduate News

It has been a while since our last update, so we have lots of information and news from the actives!

As many of you know, Convention was held this summer in Baltimore, where six active members were in attendance and we were represented by alum Greg Gifford as well. Former Executive Director and Alpha Iota ACB President Scott Wiley successfully ran for Grand Council as well and we are confident in his ability to represent both Alpha Iota and the national chapter well.

This semester, we broke a new record for the fall recruitment class when we brought in 19 new men. While we pride ourselves on quality rather than quantity, we have found the best men and intend on sharing our brotherhood and making them all *better men*. In addition to the new class of incoming brothers, we have elected an entirely new executive board. All of these men have proven their leadership not just within Alpha Iota, but throughout the entire Ohio State community through countless extracurricular activities and service. We are proud to have them take

Delta Sig to bigger and better places when they begin their term in January.

Recently, we have been increasing alumni presence on campus and involvement with the active chapter. Each home football game this year we have hosted an alumni tailgate, with which we have had lots of success. Homecoming Week brought the largest turnout for alumni with over 30 brothers coming from all over the country to visit. We will be hosting another alumni tailgate this Saturday, Oct. 28, starting at 11:30. Alumni and intimate guests are welcome to join, so please RSVP using the link below. We hope to see you very soon and we expect another great turnout!

YITBOS,

Benjamin Haller

Alumni Relations Chairman
